

DIBALDO

BBB

Classification: wine-based aperitif

Alcohol content: 21,5% by the vol.

Bottle size: 50 cl.

Ingredients: white wine from Marche, sugar, alcohol, infusion of more than 25 botanicals, herbs and spices processed with artisanal care.

Tasting notes: BBB is Baldo Baldinini's personal interpretation of the bitterness aromatic landscape, suspended between perfumery and mixology: the result is a "not for everyone" perfume to wear on the palate. The taste goes from sweet to bitter, touching the fresh fruit notes and essential oils of the best Italian organic citrus fruits. Oriental peppers emerge like shiny pearls among the wide range of botanicals to ignite aromatic chords never heard before, concentrated and with a very long persistence. The long spicy aftertaste gives life to a magnetic Essenza, capable of living both in purity and mixed.

Top notes: Mediterranean citrus and orange blossoms.

Heart notes: bitter notes, candied apricot.

Base notes: warm and fruity, oriental peppers.

How to taste it: smooth, mixed or on the rocks, for an unusual Spritz we suggest to pair BBB with sparkling wines or sodas (Tonic water, Crodino, Soda) with a lot of ice, to let BBB express all its aromatic chords. Its concentration means that you can obtain a complete and balanced cocktail with just 1/1 1/2 oz.

DiBALDO's Essenze have a high aromatic intensity to promote a contained and responsible consumption of alcohol.

DiBALDO does not use chemical additives, artificial colorings, caramel or burnt sugars.
